INNOVATIVE COST EFFECTIVE SOLUTIONS  
FOR BRANDS AND RETAILERS

## ETHICAL SOURCING POLICY

This policy covers all Ausmart activities that impact on the environment that we live and work in.

### ETHICAL SOURCING:

As the leading global promotional products business, Ausmart take very seriously the obligation to promote ethical sourcing and to lead the industry in this critical area. Making sure workers are treated well across all aspects of their work is a corner stone of Ausmart's philosophy. It is essential that all our suppliers share this philosophy and follow the high standards we have set ourselves in this area. As a valued supply partner in our business, we need your assistance in making sure the products we supply to the Australian Retail Industry, outside of our own direct buying process, also conform to our minimum standard. Ausmart is a member of sedex global. As the largest collaborative platform for sharing ethical supply chain data, Sedex is an innovative and effective supply chain management solution, helping you to reduce risk, protect your company reputation and improve supply chain practices.
